

Keep Your Carpet Cleaner...Longer

The trick to preventing spots and spills from turning into permanent stains is to treat them immediately. Unlike some other cleaners, HOST can even be used on wet spills. And because it is low moisture, spots won't wick back. Routine cleaning of high traffic areas such as entranceways and hallways will also improve the appearance of carpet.

Host spotZapper

Black/Stiff Brush

A specially designed brush that attached to any standard threaded handle. The correct spacing of the bristles maximises the cleaning power of HOST.

The brush is designed for commercial low pile and loop pile carpet. Carries a lifetime warranty.

Case of 12 - C1899

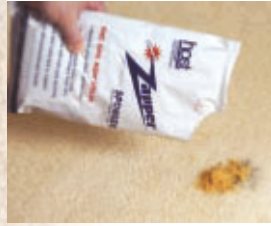

HOST spotZAPPER 2-in-1

A specially designed, two-in-one brush that attaches to any standard, threaded handle for quick and easy stand-up spot cleaning. Proper spacing of the bristles maximises the cleaning power of HOST. One side has white bristles for use on cut pile, softer textured carpet; the other side has black bristles for commercial low pile, cut pile and loop pile carpet. Carries a lifetime warranty.
